

EXT. ARGYLE SQUARE - NIGHT TIME

Lily is in Argyle square walking towards Kings cross. It's dark, the streets are empty and she stops to take a break. As she is taking a break she starts to go on snapchat.

LILY  
I'm walking through the square,  
near my old school, memories.

LILY  
(shouting)  
Hopefully, I will see a familiar  
face.

Lily hears a noise and looks around; no one is there. She uploads another video onto snapchat.

LILY  
This is some freaky shit. I'm not  
going to die tonight. You can  
forget it.

LILY  
(shouting)  
Hello!

Lily starts walking faster and then running starts to run. Then she receives a snapchat message from Aaron.

AARON  
(Text message)  
Stop running, it's only me.

Lily texts him back.

LILY  
(Text message)  
Ha Ha real funny. I'm not dying,  
I'm not Tupac or Biggy. No one  
will remember me.

AARON  
Honestly, slow down it's me, I  
really want to hug and kiss you.

Then Aaron sends a snap of his face running and then flips it to her running. Chloe starts slows down, stops and turns around. No one is there.

LILY  
(with a confused tone)  
Okay

She turns around again. Then he kisses her and says.

AARON  
I lied, I just wanted to kiss  
you.

Chloe gives him a cheeky grin and Aaron says.

AARON  
(in a sweet voice)  
I love you, Lily

Then as she gives him a hug he stabs her in the stomach.

AARON  
(angrily)  
Not.

She has a shocked facial expression as the knife is in her and she slowly going to ground. Then, he looks down at her died body, closes her eyes, takes out the knife from her body and walks away smiling. Then, the title appears.
